

### 60W Single Output Switching Power Supply

# LPF-60D series

#### Features :

- Universal AC input / Full range (up to 305VAC)
- · Built-in active PFC function
- High efficiency up to 90%
- Protections: Short circuit / Over current / Over voltage / Over temperature
- Cooling by free air convection
- Fully isolated plastic case
- Fully encapsulated with IP67 level (Note.6)
- Class II power unit, no FG
- Class 2 power unit
- Built-in 3 in 1 dimming function (1~10Vdc or PWM signal or resistance)

- Suitable for LED lighting and moving sign applications
- · Compliance to worldwide safety regulations for lighting

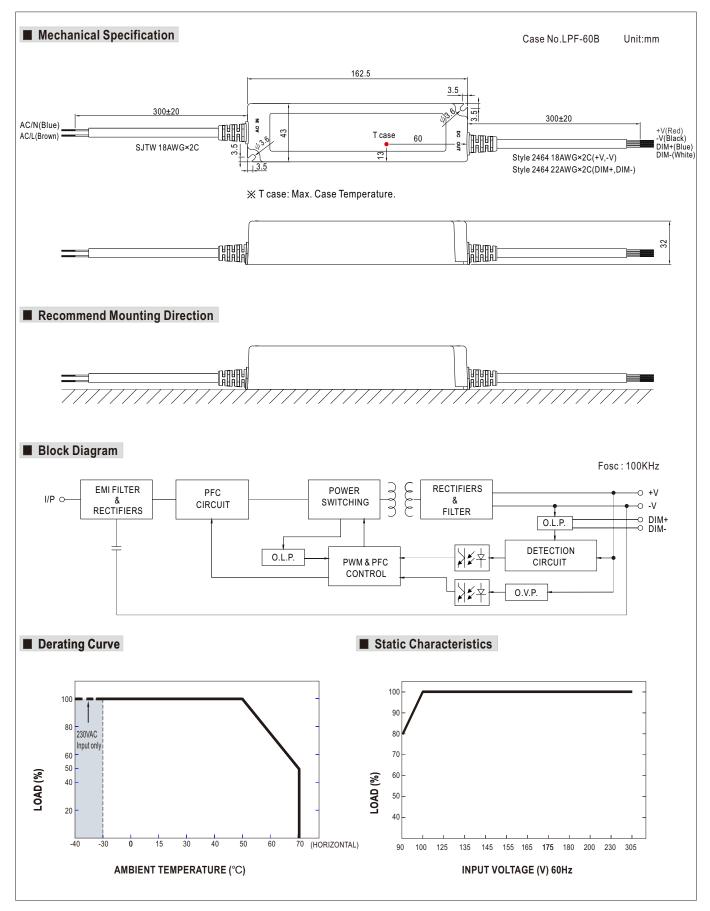

- Suitable for dry / damp / wet locations
- 5 years warranty

	M M SELV	IP67 (for 48V,54V only)	c RUS (except for 48V,54V)	
SPECIFICATION

# LPF-60D series

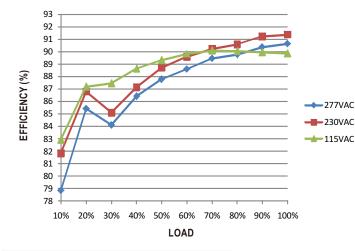

## LPF-60D series

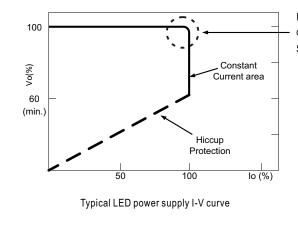

#### EFFICIENCY vs LOAD (48V Model)

LPF-60D series possess superior working efficiency that up to 90% can be reached in field applications.

### DRIVING METHODS OF LED MODULE

This LED power supply is suggested to work in constant current mode area (CC) to drive the LEDs.

In the constant current region, the highest voltage at the output of the driver depends on the configuration of the end systems.

Should there be any compatibility issues, please contact MEAN WELL.
